The current account “CERCHIAMO DENISE” is made out to ASSOCIAZIONE CERCHIAMO DENISE ONLUS, which was started up especially to look for Denise Pipitone, the young girl who disappeared on 1 September 2004, from Mazara Del Vallo (Sicily).

The current account is used not only to broaden and continue the search for Denise through printed material, notices, events, journeys in search of the child, but also in everything else that is needed to maintain awareness high of similar cases and for all questions regarding problems of minors, violence, injustices and abuse such as unlawful abduction from the family etc.

The parents thank all those who help, in whatever way they can, for the good of young Denise Pipitone and towards her finding.

Helping someone in need can lift your spirit. Helping Denise would be a right and generous human gift to my daughter.

*Helping others often helps ourselves,
because you become aware of giving voice
and strength to someone who cannot defend themselves. Denise is one such
person.*

*Thank you, all of you, who truly want the best for my child,
and for the help you can give to her and to all those who are in need.*
